

NEWSLETTER SPRING EDITION 2018

ELECTRONIC PRESCRIPTION SERVICE (EPS)

If you get regular prescriptions, the electronic Prescription Service (EPS) may be able to save you time by avoiding unnecessary trips to your GP. EPS makes it possible for your prescriptions to be sent electronically to the pharmacy or dispenser of your choice. **Just ask your pharmacist or GP for more advice— they will be happy to help you.**

Automated Appointment Reminder System

We have launched an appointment reminder system so patients can receive an automated call, text message or email to remind them of their appointment. By using an appointment reminder system, we'll be able to notify you of your upcoming appointments and give you the opportunity to cancel or rearrange if you can't make the time or date you've been given
